Prevention Tips

Residential Burglary

A burglary is defined as entering a structure with the intent to commit a felony or theft once inside.

- Most residential burglaries occur during the daytime when everyone is at work or school.
- Keep your doors and windows locked.
- Install deadbolt locks to outside doors.
- Change locks immediately if your keys are lost or stolen.
- Never leave keys in outside hiding places.
- Install motion-sensor lighting and/or an alarm system to your home.
- Trim trees and shrubs so they cannot be used as hiding places.
- Keep a record of serial numbers for expensive items.
- Make your home look occupied, and make it look difficult to break in.
- Keep your garage door closed and locked.
- Don't allow mail, newspapers or flyers to build up while you're away. Arrange a mail hold with the Post Office or have a neighbor or family take care of them regularly.
- Arrange to have your lawn mowed if you are going away for an extended time.

Vehicle Burglary & Vehicle Theft

- Keep windows rolled up and lock your vehicle at all times, even when you will only be away from your vehicle for a few minutes.
- Take valuables with you or hide them in your glove compartment, trunk, or under your seat. Be sure to hide the valuables BEFORE you park.
- Do not leave garage door openers or items with personal information in plain view.
- Park in well-lit areas.
- For aftermarket stereos, consider stereos with removable faceplates.
- Use a vehicle steering wheel lock such as the "CLUB."
- Add an audible alarm and/or a tracking device in your vehicle.
- Record serial numbers of electronics and etch your Vehicle Identification Number (VIN) on different vehicle parts.
