

**City Clerk Staff report**

Ordinance 16.09 establishing the Veterans and Military Families Committee calls for member terms to be staggered so that the terms do not all expire at the same time. In order to satisfy that requirement it is necessary for the founding members of the Committee to have modified term lengths ranging from 1 to 4 years. After the initial term assignments, all future terms will be for a full four-year term.

Term lengths and expiration dates were determined in the following manner. A paper with each of the five appointed committee members, as well as papers representing the two unfilled positions, were drawn at random. A number corresponding with available term lengths was then drawn. The number drawn, indicating a specific term length, was matched with the name drawn.

It should be noted that, per City Council Policy, the Committee member with the 1 year term will qualify for an expedited reappointment process.
