

San Diego Regional Fire Foundation

The San Diego Regional Fire Foundation is a nonprofit organization dedicated to improving public safety and emergency response capabilities across the San Diego region.

The Foundation supports local fire and medical safety agencies through strategic investments in:

- Firefighter equipment, training, and communications
- Wildfire preparedness and prevention
- Community resilience

Why This Partnership Matters?

The grant delivers immediate and long term benefits:

- Ensures EOC connectivity when land based communications fail
- Strengthens coordination with County and regional partners
- Advances National City's all hazards emergency preparedness posture

This project reflects a strong Public – Nonprofit partnership focused on readiness, resilience, and operational reliability for our community.
